

# Expected ROI of ESS container project in Tanzania 2030

Will APSEZ get a container terminal at Dar es Salaam?

In August 2023, TPA invited bids from companies to operate the container terminal at the Port of Dar es Salaam. The signing of the concession for Container Terminal 2 at Dar es Salaam Port is in line with APSEZ's ambition of becoming one of the largest port operators globally by 2030.

Why is Adani launching a container terminal in Dar es Salaam?

Dar es Salaam becomes the first container terminal to be operated by Adani in the African continent, a region in which the conglomerate is targeting to increase its footprint. Tanzania's port of Dar es Salaam is hoping to improve its waning competitiveness in the East Africa region after bringing on board another global por...

How many berths does a container terminal have in Tanzania?

According to the statement, Container Terminal 2 (CT2), with four berths, boasts an annual cargo handling capacity of one million twenty-foot equivalent units (TEUs). In 2023, it managed 0.82 million TEUs of containers, estimated to be 83 percent of Tanzania's total container volumes.
