

Successful bid price of household energy storage project in Bulgaria 2025

How many project proposals were submitted in Bulgaria's energy storage procurement procedure?

A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable energy storage facilities with a cumulative minimum usable capacity of 3 GWh.

How many renewables & energy storage projects have been supported in Bulgaria?

It follows the results from a similar scheme in Bulgaria which provided financial support for renewables and energy storage projects, which saw some 3,095 MW of renewables and 1,176 MWh of projects win support, announced last month.

Why is energy storage growing in Bulgaria?

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.

What is the largest energy storage project in Bulgaria?

A 25 MW/55 MWh project from IPP Renalfa and BESS supplier Hithium, the largest in Bulgaria. Image: Renalfa IPP. The deadline has now passed for Bulgaria's EU-backed support scheme for standalone energy storage, and the bids submitted amount to four times the available capital available.

Will battery projects improve energy security in Bulgaria?

The successful implementation of battery projects will significantly contribute to the security of the energy system in Bulgaria and the region." The scheme was opened by the Ministry in May, and approved by the EU last month.

How many MWh will a new energy storage project deliver?

The selected projects will deliver a total usable energy storage capacity of 9,712.89 MWh, the Ministry of Energy said on April 17, more than three times the minimum target of 3 GWh originally set by the tender. The deadline for submission of project proposals was December 5, 2024.

On 24 February 2025, the Government of the Republic of Bulgaria adopted and published its 2025-2029 Strategy. The document provides for the adoption of the long-awaited strategy for ...

A South African investor opened a battery factory in Rousse last year Bulgaria is relying heavily on battery technology and energy storage overall in its energy transition. Belgian company ABEE launched a EUR 1.1 billion ...

Some 151 project bids for support were submitted for the scheme, which will provide up to 1.154 billion BGN

Successful bid price of household energy storage project in Bulgaria 2025

(EUR590 million/US\$540 million) for up to 50% of the construction costs of 3.1GWh of standalone energy ...

A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable energy ...

The grant supports projects for the construction of electricity storage facilities from renewable sources, requiring a minimum capacity of 3000 MWh of usable energy, with connection to Bulgaria's transmission and ...

Bulgaria and Romania grant Recovery and Resilience funding to gigawatts of energy storage-Vilion-Bulgaria supports 3.1GW of renewables and 1.1GW of storage The ...

On 21 August 2024, the Bulgarian Ministry of Energy opened a tender procedure for National infrastructure for storage of renewable energy (RESTORE) for granting stand-alone battery ...

Bulgaria's largest commissioned system to date is a 25MW/55MWh installation by Renalfa (June 2024), followed by an 18.7MWh project from China-based Sermatec. In ...

As a core participant in this milestone project, Sermatec will deliver an integrated, full-lifecycle energy storage solution. By charging during off-peak hours to absorb low-cost ...

Bulgaria has completed a 496 MWh battery energy storage system, billed as the largest in the European Union. Crews completed the project in six months with backing from local authorities.

Search all the latest and upcoming pumped hydro energy storage (PHS) plant projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Bulgaria with our comprehensive ...

Search all the announced and upcoming GUSESS projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Bulgaria with our comprehensive online database.

APSTE: High state fees for PV panels, energy storage batteries inhibit electricity price decrease in Bulgaria 01 August 2025 - The government's fees are between five and 10 times higher than the European Union average, ...

The new battery on the Balkans Bulgaria is working to strengthen regional energy connectivity, Energy Minister Zhecho Stankov announced at the ENERGY SUMMIT 2025, the country's largest energy forum. ...

Bulgaria will finance 82 independent renewable energy storage projects worth over 1.15 billion leva (588 million euros) under the EU-funded program called RESTORE, the Energy Ministry in Sofia announced last

Successful bid price of household energy storage project in Bulgaria 2025

week. ...

Energy storage projects are facing the following challenges: Lack of revenue - Energy storage projects are expensive to develop. The Bulgarian market is quite competitive ...
