

Turnkey office building energy storage EPC contract price in Ireland

What is an Energy Performance Contract (EPC)?

This scheme encourages businesses to invest in energy efficiency projects through Energy Performance Contracts (EPCs) for guaranteed results at a lower cost. An Energy Performance Contract (EPC) means a contractor upgrades your place of business to save energy and promises you savings. You pay them back with the savings over time.

What is an EPC & how does it work?

An EPC is a contract that is awarded to an Energy Service Company (ESCO) to deliver guaranteed energy savings within a building and in turn, these savings help to cover the cost of carrying out the works. Lawler Sustainability was awarded all contracts under a highly competitive Government procurement process.

What makes an EPC different to traditional contracting?

What makes an EPC different to traditional contracting is the focus on project outputs, such as carbon and energy savings, and not simply on supplying the technology. An EPC can be simply defined as the provision of energy services with a guaranteed outcome.

Where can I find a successful EPC case study?

Successful EPC case studies can be found on the project website: As the energy agency for Dublin, one of Codema's functions is to act as an EPC Facilitator. We can help with the initial assessment of public buildings to evaluate suitability for Energy Performance Contracting.

What is a SEAI / Energy Performance Contract (EPC)?

SEAI are open to applications all year round. Energy efficiency / decarbonisation projects that set organisations on a trajectory to net zero. and support the energy contracting supply chain. Energy Performance Contracts (EPCs). Sample contract available [here](#)

Why should you choose Edina as your battery energy storage EPC contractor?

Why Edina as your Battery Energy Storage EPC Contractor? We are a BESS turnkey EPC contractor and systems integrator of advanced global Tier 1 battery and inverter technologies to provide an industry-leading battery energy storage solution that is scalable and delivers guaranteed performance.
