

Turnkey standalone energy storage EPC contract price in Malaysia

What is Energy Performance Contract (EPC)?

Energy Performance Contract (EPC) is a mechanism that uses market-based capital and technology to improve energy efficiency in buildings, industry, and other areas. There is a large room for development in the Energy Performance Contract market in Malaysia.

Who is EPC synergy Sdn Bhd?

No Job Is to Big for Us. We'll Get It Done. EPC Synergy Sdn Bhd (EPC) formerly known as Letrik Synergy Sdn Bhd was incorporated as Sendirian Berhad Company in October 14, 1996 whose intended area of business was in the Construction and Trading activities.

Are there standard Australian contracts for EPC & EPCM?

There are no standard Australian contracts for EPC or EPCM, and careful drafting of contracts is important. FIDIC international contracts are available. It's important to adapt contract approaches to the local context in Malaysia. Here are some practical tips for choosing the right contract:

What is an EPC & how does it work?

The concept of the EPC is based on a profit-sharing agreement between the building owner and the Energy Service Company (ESCO) whereby the initial cost for the energy efficiency improvement project is borne by the ESCO.

Who is EPC synergy?

However on July 28, 1998 EPC became a subsidiary of a Sarawak-based Construction Company, with the objective of diversifying into the Mechanical & Electrical (M&E) Engineering Industries. "EPC Synergy Sdn Bhd exceeded our expectations with their impeccable service and attention to detail.

Should you choose an EPC contract for a construction project?

Keep these points in mind when considering EPC: Limited control: You have minimal say in the construction process. Dependence on the contractor: The project's success relies heavily on the contractor's competence. Higher costs: EPC contracts are typically more expensive because the contractor takes on more risk.

Plus Xenergy deliver green energy solutions with alternative green power resources for solar panels. As a leading solar company in Malaysia, we provide cleaner energy solar system & completed six solar farms throughout Malaysia.
